PART I.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue,)—dated 4th August 1891.

No. 5366-73—Cir. 101, dated 4th August 1891.

Order.—With reference to para 4 of Rule XX of the Land Revenue Rules, Deputy Commissioners are informed that the object of requiring an upset price being to prevent collusion among purchasers, it should not be pitched unnecessarily high so as to be prohibitive to *bonâ fide* cultivators. When the upset price once fixed cannot be realized, the Deputy Commissioner may lower it in the interests of *bonâ fide* darkhastdars. But a raiyat who has relinquished the land to avoid payment of Kandayam intending however to take it up again is not entitled to any consideration as he is scarcely a *bonâ fide* darkhastdar.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Districts.

No. 5456-64—Cir. 102, dated 6th August 1891.

Order.—The following Rule 7 A shall be inserted between paras 7 and 8 of Rule XXX of the Land Revenue Rules:—

"7 A. In tracts already demarcated and surveyed, if all the landholders under a large irrigation work agree and unanimously ask for permission to substitute dressed stone (Boundary mark of the kind specified in para 3) in lieu of mounds of earth or of stones (Boundary mark of the kind mentioned in para 1), the Deputy Commissioner shall grant the permission."

No. 5714-5—66, dated 9th August 1891.

Order thereon.—With the above docket, the Deputy Commissioner resubmits for sanction, statements of compensation, &c., for lands taken up for the Harihar Railway in the Holalkere Taluk, duly verified by the Resident Engineer of the Southern Mahratta Railway at Bangalore.

2. The total extent and assessment of the lands taken up in the Taluk both permanently and temporarily are 668-4-90¾ acres and Rs. 408-13-7 respectively as shown in the following statements:—

3. No compensation is fixed for unoccupied Government waste. The total amount of compensation fixed for occupied lands taken up both permanently and temporarily is Rs 2,055-1-4 including Rs. 725-5-1 for "kattes" situated in some of these lands. The area of occupied wet land taken up being only 2-6-9 acres for which the compensation payable is Rs. 22-2-6, the rate of compensation per acre of dry land varies from Re. 1 to Rs. 10 according to the nature of the soil, and in the case of some fields which contained "kattes," the rate varies from Rs. 15 to Rs. 30 per acre. The Deputy Commissioner reports that the latter rate is not high when compared with the loss sustained by the owners of these "kattes."

4. Under these circumstances, the payment of the compensation of Rs. 2,055-1-4 recommended by the Deputy Commissioner is sanctioned.

5. It is noted that in several cases where small extents of lands have been taken up for the Railway, the owners claimed no compensation therefor.

6. The cases of the marginally noted individuals who are reported to be unwilling to receive the amount of compensation fixed for their lands will, as proposed, be referred to the Civil Court for settlement, under the Land Acquisition Act.

7. The Deputy Commissioner's remark that Survey No. 4 of the Ramagiri Village had, by mistake, been mentioned in the Schedule and Plan received from the Railway Department as the land on which the road is laid out, while the road actually passes on Survey No. 3 of the said village, will be noted and communicated to the Southern Mahratta Railway authorities.

8. The Agent and Chief Engineer will be requested to state if the lands temporarily acquired for Railway purposes will be restored to the owners within the period of 3 years from date of occupation as required by Section 43 of the Land Acquisition Act X of 1870.

PART I.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 1st August 1891.

READ:—

Docket from the Deputy Commissioner, Tumkur District, dated 30th April 1891, No. 49, submitting the Budget Estimates of the several Municipalities of the District for the year 1891-92.

No. 5249-60—L. 376, DATED 1ST AUGUST 1891.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the Tumkur District for the year 1891-92. It must be here observed that the statements have not been properly prepared. In column 5 of the Budget Statement No. I, the probable collections and expenditure of the 2nd half of the year 1890-91 should have been entered, in accordance with the instructions issued in para 2 of the official Memorandum, dated 8th December 1889, No. 6861-70—157 and not the actuals of the 1st half of the year 1889-90, which serve no purpose. Due notice should be taken of the carelessness of the clerk, who prepared the statement.

Tumkur.

2. The income of this Municipality for the year 1891-92 is estimated at Rs. 7,650 against Rs. 7,161, the actuals of 1889-90.

Items.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.
I	Octroi	2,035	2,000
II	Tax on houses ...	1,716	1,800
VII	Mohatarfa	1,485	1,550
VIII	Rents	98	140
IX	Fines	0	20
X	Miscellaneous ...	1,827	2,140
	Total.....	7,161	7,650

3. *II. Tax on houses.*—The estimate which is based on the Jamabandi of 1890-91 will be retained.

4. *VII. Mohatarfa.*—The increase which is chiefly in "(*d*) Carts" has not been explained. The remark, that the duty on single bullock carts was reduced from Rs. 2 to 1 under Government Proceedings dated 29th November 1890, No. 9932-9--187-L. 84 is a sufficient explanation for the estimate being less than that of 1890-91, but not for the increased estimate compared with the actuals of 1889-90. The increase however being small, the estimate will not be disturbed.

5. *IX. Fines.*—The estimate sanctioned for 1890-91 is repeated in the present Budget. As there were no actuals in 1889-90 and in the first half of 1890-91, the estimate will be reduced to Rs. 10.

6. *X. Miscellaneous.*—The increase under this head is the result of variations in the items specified in the margin. The increase under "(*m*) Contributions" is due to the new estimate on account of the maintenance allowance (Rs. 1,087) of the District Fund roads recently transferred to the Municipality. The decrease in "(*a*) Sale of house sites" is due to the smaller number of sites available for sale, but that in (*g*) and (*n*) has not been explained. The omission should be supplied. Meanwhile the estimate will stand. The variations in other items are small and call for no remark.

Increase.		Rs.	Decrease.		Rs.
(*d*)	Pounds ...	13	(*a*)	Sale of house sites ...	362
(*k*)	Amanyi ...	5	(*g*)	Do manure ...	122

(*m*)	Contribution	1,027	(*n*)	Other items ...	238
	Total.....	1,055		Total.....	742

7. The income as now estimated amounts to Rs. 7,640. Adding to this the opening balance of Rs. 3,185, the sum available for expenditure during 1891-92 is Rs. 10,825; of which Rs. 8,784 are proposed to be expended, leaving a balance at the end of the year of Rs. 2,041.

Items.	Expenditure.	Actuals of 1889-90.	Estimate for 1890-91.	Estimate for 1891-92.
II	Head Office	279	339	339

IX	Charitable Grants ...	86	140	168
XI	Miscellaneous	468	402	400
	Total.....	7,446	7,988	8,784

8. *IV. Conservancy.*—A Peon on a salary of Rs. 5 per mensem is proposed to be entertained for attending the collection duty. It is not clear why his salary is proposed to be debited to *IV. Conservancy* instead of to *III, Collection*. Pending explanation and the necessity for the services of a peon, the provision will be struck out. It should be explained how the collection duty was hitherto performed and why the employment of a new hand has become necessary.

9. Besides the above, an increase of Rs. 228 over the sanctioned provision for 1890-91 is proposed on account of the marginally noted items. The Deputy Commissioner states that it is not right that the peons, who superintend the work of sweepers, should draw the same pay as sweepers, *viz.*, Rs. 5, and therefore proposes to raise the peon's salary to Rs. 6. This is sanctioned, as well as the entertainment of an additional sweeper and the employment of a cart, which are stated to be necessary.

		Rs.
(1)	Increase of pay from Rs. 5 to 6 to each of 2 sweepers	24
(2)	1 sweeper on Rs. 5	60
(3)	1 cart at Rs. 12	144
	Total	228

10. *VII. Lighting*—The details under this head are given in the margin. The increase in the cost of oil, &c., for lighting is due to the increase in the number of lamps. The estimate is sanctioned.

		1890-91. Rs.	1891-92. Rs.
1	Purchase of lamp-posts ...	120	70
2	Repair of lanterns ...	50	70
3	Oil, wick and contingencies ...	280	360

11. *VIII. Public Works.*—The provision made is for the marginally noted works and is approved.

(*k*)	Other works, original	50
(*l*)	Do repairs	50
(*m*)	Compensation	200
	Total.....	3,615

12. *IX. Charitable Grants.*—In Government Proceedings dated 15th November 1890, No. 9468-9—205-L. 51, a compounder on Rs. 7 per mensem was sanctioned and the increase now provided is on account of ½rd cost debitable to the Municipal funds of the Town. The estimate is passed.

13. *XI. Miscellaneous.*—The details under this head are as given in the margin. It is not stated whether the provision for contingencies is on account of the Clerk in the District Office, in which case it should be shown under II. Head Office. This should be explained. Meanwhile the estimate will not be disturbed.

		1890-91. Rs.	1891-92. Rs.

Bellari.

14. The receipts of this Municipality for 1891-92 are estimated at Rs. 337 against Rs. 547, the actuals of 1889-90. The estimate is fair and calls for no remark.

d)	Drains, original	250
	Total.....	330

17. *XI. Miscellaneous.*—The estimate of Rs. 10 entered under this head is stated to be needed on account of contingencies. The explanation similar to that called for in para 13 *supra* should be submitted. Meanwhile the provision will be retained.

Koratagere.

18. The income of this Municipality as estimated for 1891-92 amounts to Rs. 569 against Rs. 489, the actuals of 1889-90.

II.	Tax on houses ...	216	220

VIII.	Rents	5	35
X.	Miscellaneous ...	103	147
	Total	489	569

19. *VII. Rents.*—The increase under this head is not explained. Probably increased revenue is expected from the Municipal garden in the Town. The estimate is passed.

20. *X. Miscellaneous.*—The increase under this head is the result of new estimates amounting to Rs. 66 in the items noted in the margin and of decrease of Rs. 22 in "(*d*) Pounds." The source from which Rs. 31 entered under "(*m*) Contributions" are expected, should be stated. Meanwhile the estimate will stand. The variations under the other items are small and call for no remark.

22. *IV. Conservancy.*—The increase of 1 rupee to the peon, who now draws Rs. 5 per mensem, is proposed, as a suitable person cannot be had for less pay and the hire of a cart is proposed to be raised from Rs. 6 to 8 as it could not be had for a less sum. This is sanctioned.

23. *VIII. Public Works.*—The marginally noted works are proposed to be executed during 1891-92. The estimate is passed.

27. *VII. Mohatarfa.*—The decrease is chiefly in (*a*) Shop tax, under which the actuals (753) included the arrears of previous years collected during 1889-90, while no such outstandings are included in the present estimate (Rs. 620). The estimate is passed.

28. Including the opening balance of Rs. 1,762, the sum available for expenditure during 1891-92 is Rs. 4,207; of which Rs. 3,663 are proposed to be expended, leaving at the end of the year a balance of Rs. 544, which is less than 25 per cent of the receipts by Rs. 67.

33. *VII. Mohatarfa.*—The decrease, which is chiefly in (*a*) Shop tax, is due to the actuals of 1889-90 having included the arrears of previous years collected during that year, while the present estimate does not include such outstandings. The estimate is passed.

34. *X. Miscellaneous.*—The increase under this head is chiefly in "(*f*) School fees" and "(*m*) Contributions." The increased estimate under (*f*) is stated to be based on the actuals (Rs. 101) of the first half of 1890-91 and the new estimate under (*m*) consists (1) of the mileage allotment of Rs. 94 for the maintenance of the Provincial road recently transferred to the Municipality and (2) of the contribution of Rs. 250 payable by the towns-people for the maintenance of the Municipal Police. The estimate is passed.

35. Including the opening balance of Rs. 2,261, the sum available for expenditure during 1891-92 is Rs. 4,190; of which Rs. 3,771 are proposed to be expended, leaving at the end of the year of Rs. 419, which is less than 25 per cent of the receipts by Rs. 63.

42. *VII. Mohatarfa.*—The increase, which is chiefly in "(*a*) Shop tax" is also stated to be based on the Jamabandi account for 1890-91. The Deputy Commissioner should explain the increase in the Jamabandi for 1890-91 compared with the actuals.

43. *X. Miscellaneous.*—The increase under this head is chiefly in "(*a*) Sale of house sites" and "(*d*) Pounds". 56. *II. Tax on houses and VII. Mohatarfa.*—The increase under these heads has not been explained, but it is small and the estimates which are nearly the same as those sanctioned for 1890-91 are passed.

56. *X. Miscellaneous.*—The increase is the result of an increase of Rs. 121 in the marginally noted items and of a decrease of Rs. 3 in "(*g*) Sale of manure." The Government observe that the fee income, which was only Rs. 12 in the first half of 1889-90, rose to Rs. 75 in the latter half of the same year, but came down to Rs. 52 in the first half of the following year. The estimate of Rs. 150 is therefore excessive and will be reduced to Rs. 120. The variations under other items are small and do not call for remark.

61. *XI. Miscellaneous.*—The decrease under this head is due to a smaller provision, *viz.*, Rs. 60, being entered in the present Budget on account of contingencies against Rs. 40 sanctioned in 1890-91. 63. *Miscellaneous.*—The increase is chiefly in (*d*) Pounds, under which an estimate of Rs. 350 against Rs. 247, the actuals of 1889-90, is entered. The estimate, which is stated to be based upon the actuals (*viz.*, Rs. 210) of the first half of the year 1890-91, is passed. The actuals of 1889-90 represent the collections minus the commission paid to the Pound-keeper, whereas the estimate for 1891-92 is the whole collections as the Pound-keeper is proposed to be paid a fixed salary of Rs. 60 per annum.

83. *X. Miscellaneous.*—The increase is chiefly in "(*d*) Pounds;" under which Rs. 25 are entered against Rs. 5, the actuals of 1889-90. The actuals of the first half of the year 1890-91 and of the 2nd half of 1889-90 are only Rs. 6 and 2 respectively. There is therefore nothing to justify the increased estimate, which will be reduced to Rs. 10.

84. The income as now estimated amounts to Rs. 195. Adding to this the opening balance of Rs. 433, the sum available for expenditure during 1891-92 is Rs. 628; of which Rs. 396 are proposed to be expended, leaving at the end of the year a balance of Rs. 232, which exceeds 30 per cent of the receipts by Rs. 174, which is stated to be reserved for furniture of the Dispensary. The Government observe that under Proceedings dated 4th August 1891, No. 5442-5—L. 393, the whole cost of the Dispensary is to be debited to District Funds and that therefore a further allotment of Rs. 150 may be made for some useful works.

89. *VII. Mohatarfa.*—The estimate stated to be based on the Jamabandi of 1890-91 is passed.

90. *X. Miscellaneous.*—The increase is chiefly in "(*d*) Pounds," under which Rs. 110 are entered in the Budget for 1891-92. The actuals of Rs. 10 entered represent only the collections of 3 months as the Municipality was established on 26th December 1889 and the collections during the first half of 1890-91 amounted to Rs 60. Assuming that the collections in the second half of 1890-91 would be in the same proportion in which they were during the last 3 months of 1889-90, the Government do not think it would be safe to estimate more than Rs. 80 under this head. This will reduce the total estimate under Miscellaneous to Rs. 96.

91. The income as now estimated amounts to Rs. 465. Adding to this the opening balance of Rs. 451, the sum available for expenditure during 1891-92 is Rs 916; of which Rs. 745 are proposed to be expended, leaving a balance of Rs. 171 at the end of the year.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 11th August 1891.

READ THE FOLLOWING PAPER :—

Memorandum from the Deputy Commissioner of the Bangalore District, dated 6th August 1891.

BANGALORE CITY MUNICIPALITY.

The last revision of taxes on Houses and Shops in Bangalore took place in the year 1880, fully ten years ago. The value of property has risen considerably since. The town is expanding. All available sites are being taken up and built upon. The conditions which determined the assessment 10 years ago have undergone a material change. The Mysore State Railway has opened out the country. Trade is improving. The population has risen from 63,000 to 80,000 during the decade. With all this material improvement in the value of house and shop properties, the income to the Municipality from this source is only Rs. 30,000 per annum, a sum which compares very unfavorably with similar Municipal revenue elsewhere. It will be conceded that this assessment based on the valuation of properties 10 years ago is unduly low at the present time and requires thorough revision. The necessity for this revision is becoming greater on account of the inadequacy of the present Municipal income (Rs. 1,05,000) to meet the large and growing wants of this important town. Schemes for thoroughly draining the town, a cheap and pure water-supply, the daily removal of the night soil, widening the lanes, up-keep of the roads, all these mean an expenditure far in excess of our present revenues. I am confident that a careful revision of the taxes will result in a considerable enhancement of the annual income of the Municipality. For these reasons I would strongly recommend the appointment of a Special Amildar for the City of Bangalore. This officer will, in addition to the revision of assessment, be charged with the duties of "the Collector of Municipal Taxes" referred to in Section 13 of the Municipal Regulations He will also be responsible that the accounts of receipts and expenditure are maintained in a proper manner. In this connection I may also state that it is proposed to introduce some changes in the system of book-keeping, calculated to show accurately the demand, collection and balance of Municipal taxes. As the present income of the Municipality is barely sufficient for the current working expenses, I beg to suggest that the salary of the City Amildar be borne by the Government as a temporary measure and until such time as the revenues show more elasticity.

The present Collector Swami Doss Pille is also the Manager of the Municipal Office. His salary is Rs. 100 of which Rs. 55 is debited to the Head Office and Rs. 45 to the Collection Department. He may continue to draw his present pay Rs 100 as the Manager of the office until separate provision is made for him. Besides, the combination of the two functions such as Collector of revenues and Manager of office is attended with inconvenience and is in many respects objectionable.

The necessity for a responsible adviser to the Board in engineering matters is felt at every turn. At present there is an Overseer on Rs. 50+15 per month. He is competent to execute orders, but he cannot be expected to supervise and control the affairs of an important branch like the Public Works Department of the Municipality. The magnitude of the charge will be seen from the fact that the ordinary expenditure on Public Works in a year is nearly Rs. 35,000 besides the cost of Establishment. The control of this large expenditure requires an able and experienced Engineer of some standing and the want of one has been felt all along. Important questions connected with the drainage, sanitation and the water-supply of the City and the proposed extensions to the north and west of the City remain to be dealt with. Also matters relating to the general improvement of the City. The Civil and Military Station Municipality have appointed an Executive Engineer on a salary of Rs. 500 per mensem. Such an appointment is clearly contemplated under Section 13 of the Municipal Regulations. I would therefore propose that an Executive Engineer be appointed on a salary of Rs. 150 a month. The pay of this officer may be met from the savings of the Vice-President's allowance, I may state that with the appointment of the Engineer and the City Amildar, a separate Vice-President will not be necessary nor is such an appointment obligatory under the Act. I shall be glad to perform the duties now devolving upon the Vice-President and when I am absent from Head-quarters, the Assistant Commissioner in charge of the Treasury who is now my Assistant for the supervision of Minor Municipalities will carry on the work under my orders.

I would propose that Batni Nagesh Rao, Amildar of Shikarpur, an official of exceptional ability and integrity be appointed City Amildar for Bangalore with a salary of Rs. 200 per mensem. He is quite deserving of being made an Assistant Commissioner if Government can promote him to that grade.

Mr. B. Tivari, late Assistant Engineer, will make an efficient Executive Engineer for the City.

Mr. Puttanna Chetti may, when these arrangements are sanctioned, be sent back to the General Department and put in charge of the Closepet Sub-Division with powers of a Magistrate of the 2nd Class.

No. 5631-2—L. 414, DATED 11TH AUGUST 1891.

ORDER.—The proposals contained in the above are generally approved.

2. Mr. Batni Nagesh Rao (Amildar of Shikarpur Taluk) whose present pay is Rs. 150 per mensem, will be lent to the Bangalore Municipality as Special Amildar. During such employment, his salary will be Rs. 200 a month, Rs. 50 of which will be contributed by the Municipality.

3. The Special Amildar will be invested with Magisterial functions to be exercised within City limits. The Deputy Commissioner will submit the necessary proposals through the Chief Court.

4. Mr. M. B. Tivari (late Assistant Engineer) is appointed Executive Engineer of the City Municipality on Rs. 150 per mensem.

5. For the present, Mr. Puttanna Chetti will continue to be Vice-President of the Municipality. And, when he may be relieved, the office of Vice-President will not be filled up, the duties thereof being conducted in the manner suggested by the Deputy Commissioner.

Letter from the Deputy Commissioner of the Chitaldroog District, dated 22nd April 1891, No. 38—35, submitting the information called for in Government Proceedings, dated 5th February 1891, No. 12700 10—267 L. 297 in regard to the District Fund Budget Estimates of the District for the year 1891-92.

No. 6121-4—L. 421, DATED BANGALORE, 20TH AUGUST 1891.

ORDER THEREON.—*76 per cent of Local Cess.*—The details now furnished do not give the information called for in Government Proceedings, dated 5th February 1891. What the Government wanted to know was the details of the assets upon which the land cess was calculated. The information was called for in order to see whether the cess upon Inams has been calculated upon the valuation of Inams or upon the quit-rents paid upon them. Presuming however that the cess has been correctly calculated, the Government accept the estimate of Rs. 29,488 against Rs. 29,295 the actuals of 1889-90.

2. *Miscellaneous.*—The estimate of Rs. 1,190* relates to fees to be collected from the Taluk Branch schools. The estimated balance on 1st April 1891 will accordingly be altered from Rs. 21,035 to Rs. † 48,445 pending the receipt of statement showing the actual balance in favor of the Local Fund Circles on 1st April 1891, called for in paras 1 and 5 of Government Proceedings, dated 7th July 1891, No. 4117-26—L.286.

The sums expended over and above the Budget grants being small, they will be admitted for the present; but in future the Presidents of the Municipalities should understand that they will be personally held responsible for any expenditure incurred over and above the grant or without due authority.

4. The receipts and expenditure as audited and accepted for 1890-91, are as given in the accompanying statement.

5. The Comptroller should issue the necessary instructions for the adjustment of sums of one Municipality erroneously credited to another and also for the adjustment of the excess charge of Rs. 85—15—2 erroneously paid in cash in 1890-91 in Tumkur.

6. Narain Rao, Police Inspector of Nagamangala was transferred to the Municipality of the Bangalore City as Octroi Manager and he gave up charge of his office as Police Inspector on 1st January 1890 and joined his Municipal Office on the 5th. For this period he drew his pay and travelling allowance amounting to Rs. 23—7—9 from the Municipal Funds. This seems to be right, if the transfer was made for public convenience, but if it was made at his own request, he must refund the travelling allowance he has drawn. The Comptroller will ascertain why the transfer was made and issue the necessary instructions.

7. With reference to the other defects in the system of accounts and the suggestions made by the Auditors and the Comptroller, the following instructions are

issued for future guidance of all Presidents. Care should be taken that these instructions are strictly attended to:—

I. All collections made in the Municipalities, whether they are made by Municipal servants or Shanbhogs of the towns, should be entered in the Day Book kept by the officer making the collections and remitted to the Treasury once a week with a challan remittance list and the Day Book, a detailed account of demand, collection and balance being written up and submitted to the Vice-President once a month with the dates on which the sums have been remitted to the Treasury. The Vice-President should, on receipt of the monthly statement, satisfy himself that all the moneys have been duly credited in the Treasury. If any money is directly paid in the Treasury, the Treasury Officer should obtain from the payor a challan in duplicate and forward one of them duly attested to the Vice-President with a statement of such receipts during the month in view to the necessary entries being made in his accounts.

The sale proceeds of fort stones in Hassan have not been brought to account. This is irregular. No sums once collected should be allowed to be expended without being brought to account.

II. Persons authorized to receive payments should be furnished with printed receipt books with counterfoils, each receipt being numbered. The payment should be noted both in the counterfoil and the receipt. If the person paying the money does not care to take the receipt, a note to that effect should be made in the counterfoil and receipt. The amounts given in the receipts and the counterfoils should be entered in figures as well as in words.

III. The challans forwarded with the remittance should show the name of Municipality to which the amount therein entered has to be credited. For instance, if any money is collected in one Municipality for another, the amount so collected should be specified.

IV. Pound-keepers are authorized by law to meet the charges of feeding the cattle from the amount of fees collected by them. They may therefore retain such sums as they may require for feeding charges and remit the remainder only, but the challan and the Day Book should show the total collection made, the sums retained by them for feeding charges and the balance remitted. The Treasury Officer will show in his account the whole sum collected as receipts and the sums retained by pound-keepers as advances for charges. The President should obtain from the pound-keeper a detailed account of the charges once a month and pass an order sanctioning the charges. When the order is passed a cheque should be issued to the Treasury Officer authorizing him to credit the sums to advances by debit to charges. The President's order shall be the authority for the adjustment.

V. The commission paid to Shanbhogs and others for the collection of revenue should in no case be deducted from the collections. The entire realizations should be remitted to the Treasury and the commission disbursed on the receipt of a separate order from the President.

VI. When half currency notes are received in payment of the Municipal dues, the sums should not be credited in the accounts till the second halves are received, but the half notes should be sent to the Vice-President for safe custody, a note of the same being made in the Day Book; when the second halves are received by the Vice-President, the amount should be remitted to the Treasury.

VII. The Day Book which accompanies the remittance should be signed by the Treasury Officer and returned to the person, who brings the money on the same day on which the money is received.

VIII. Payments should always be made by means of cheques in favor of the parties to whom they are due when the payment to be made is Rs. 10 or more. For disbursement of sums less than Rs. 10, a permanent advance of a small sum should be made to the Amildar or other officer authorized to make disbursements, from which the necessary expenditure should be incurred and the same recouped by them from time to time by the submission of the bills to the President with vouchers, when order for payment will be issued by means of a cheque in favor of the officer who disbursed the money. Under this system there will be no necessity for drawing cheques for sums which are not actually required for immediate expenditure and for keeping them in deposit to be spent hereafter. If there are any sums drawn for expenditure during previous years and kept in deposit, they should at once be credited in the accounts and a supplemental Budget submitted for their expenditure in the current year.

IX. Every Municipality should have all its transactions with one Treasury (District or Taluk) and pay all its receipts of every description into that Treasury. It must withdraw money required for disbursement only by cheques, specifying therein whether the payment should be debited to "Charges" or "Advances." Letters of credit will not be issued by the Comptroller hereafter, but the Officer in charge of the Treasury may cash cheques of the President or of the Vice-President (when so authorized by the President) so long as there is a balance at his credit. The Treasury Officer should maintain a ledger of the lump sums of receipts and disbursements of each Municipality with the number of voucher relating thereto, so that he may see that no sums exceeding the funds available are disbursed. When there are no funds, the Treasury Officer should refuse to make payment without the special order of the Comptroller. The Treasury Officer has no power to question the payment ordered by the President if there are funds.

X. Some deposits seen now to be kept with the President without their being brought to account. This not a right course. Every deposit should be brought to account and sent to the Treasury as soon as it is received and no repayment of deposit should be made without a special order of the President. When the order for payment is received, the Treasury Officer should satisfy himself that the deposit money ordered to be repaid had not been already withdrawn. This can be done by giving a separate number to each deposit in the deposit register and entering the repayments against it as soon as it is made. All receipts obtained on repayment of deposits should be stamped when the amount exceeds Rs. 20 in the same way as the receipts for any other payments are.

XI. If any of the salaries of the Municipal servants drawn in one month are not expended within the end of the month in which they are drawn, the same should be deducted from the next pay bill. When it has again to be expended, a supplemental bill should be forwarded with a note of the month in which it has been short drawn.

XII. No deductions should be made from the salaries after the bills have been passed and the money drawn from the Treasury. Any deductions on account of absence, &c., should be made in the bill itself and only the net amount drawn.

XIII. If a Municipal servant draws a salary not exceeding Rs. 20 and a separate allowance which together with the salary exceeds Rs. 20, separate receipts may be taken from him for the payment of the salary and allowance but if one receipt is taken, it must be stamped.

XIV. In the Acquittance Rolls the signatures or marks of the recipients should be invariably obtained.

XV. No salaries of Municipal servants should be broken and distributed among others without the sanction of the Municipal Boards and Government.

XVI. A pay register showing the sanctioned salary of each servant must be maintained for ready reference, alterations being noted therein from time to time.

XVII. Payments to Provincial or Local Funds should not be made in cash but by book adjustments in communication with the Comptroller. The proportionate charges on account of dispensaries and Municipal schools debitable to Municipalties, which are adjusted in the Office of the Comptroller will be intimated every month both to the President and to the Treasury Officer for being included in their accounts.

XVIII. A register of works sanctioned by the President or Government should be maintained and the payments made on account of the same noted in it from time to time.

XIX. All sums disbursed on account of Public Works before the completion certificates are obtained and the bill showing the measurements of works are finally passed, should be debited to advances and the amounts charged to the proper head, when the bill is finally sanctioned and a corresponding credit made to advances.

XX. A register of permanent advances for imprest and other purposes granted to each officer must be maintained. The person in charge of the advance will be held personally responsible for the sums entrusted to his care.

XXI. A stock register of tools and other property of the Municipality should be kept with the names of persons under whose charge they are.

XXII. English figures must be used in all books.

XXIII. All alterations in cheques and registers should be initialled by a competent officer.

XXIV. Presidents of Municipalities should arrange to obtain detailed statements of receipts and charges from the Vice-Presidents, and check them with the Treasury accounts. They should not compile their accounts from the Treasury figures.

XXV. In the Bangalore City, when tobacco is issued from the Koti by wholesale vendors on payment of duty, ½ seer of tobacco per maund is given to retail sellers in extra without duty. This course is wrong. Duty must be paid on the whole quantity issued, whether the owner receives its price or not.

XXVI. The duty on articles liable to octroi must be collected before the articles are allowed to pass and not afterwards, unless the traders have deposited sufficient sums in the Treasury as security and have obtained the permission of the Presidents to settle their accounts periodically.

XXVII. License fees prescribed must be collected in full whether the license granted is for the whole year or a portion of the year.

XXVIII. When taxes or rents undergo alterations, they should be noted in the column of remarks of the register of the previous year, but the figures in the register should not be altered.

XXIX. In some Municipalities no registers showing the demand payable by each individual seem to have been kept. This is not right. A register showing the demand of each individual and the amount paid by him in each month should be maintained, so that the balance due at the end of each month may be readily ascertained.

The Comptroller is requested to issue detailed instructions to the Auditors in regard to the manner in which the audit is to be conducted. No sum spent for a work should be admitted unless there is a bill showing the measurements of the work and a completion certificate, and all sums placed under objection should be shown in a separate statement, the reasons for the objection being stated briefly against each item. Every sum expended should appear under one or the other of the classified items, and not against General savings, as has been erroneously shown in some of the statements now received. If any sum expended is wrongly shown under one head instead of another, the Auditor should propose the necessary adjustment and submit a statement of such adjustments for final orders.

The Comptroller is also requested to submit a draft of instructions to be issued n regard to District Funds, in accordance with the spirit of the instructions above ssued in regard to Municipal Funds.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 3rd August 1891.

READ :—

Letter from the Superintendent, Mysore Government Press, dated 13th July 1891, No. 299, submitting further reasons, in support of his proposals in regard to altering the dates on which indents for Stationery and Printed Forms should reach his office.

No. 5276-312—CIR. 100, DATED 3RD AUGUST 1891.

ORDER.—Noted.

2. The Clerks of the Press Superintendent's Office are blameworthy for—

(1.) transcribing letters and long communications on docket forms, and thus evade the rule which requires that communications to Government should be docketed,

(2.) writing without leaving the usual inner margin.

3. These are small matters. But negligence in them causes much inconvenience to members of Government who have to deal with the official correspondence received in the Dewan's Office.

4. Officers corresponding with Government are requested to make the necessary arrangements in their respective offices to prevent such negligence in future which has been of frequent occurrence.

T. ANANDA ROW,
Chief Secretary.

To—The Superintendent, Mysore Government Press.
The Deputy Commissioners of Districts for attention.
The Heads of Departments for attention.

CIRCULAR OFFICIAL MEMORANDUM.

No. 5650-87—CIR. 209, DATED 10TH AUGUST 1891.

To facilitate and expedite the work of printing at the Government Press, Heads of Departments are requested to have all matter intended for the Press written out neatly and clearly and only on one side of the paper. To prevent waste, the paper may be of the less valuable kinds than English Foolscap. The Superintendent of the Press will be justified in returning manuscripts which are illegibly written, or contain too many corrections to be easily read by Press Compositors and Readers.

By Order,

T. ANANDA ROW,
Chief Secretary.

To—All Heads of Departments for information and guidance.
The Superintendent of Government Press for information.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th August 1891.

Docket No. 229—210, dated 6th ultimo, from the Deputy Commissioner, Shimoga District, submitting an extract from a Circular from the Manager, Examiner Press, Bangalore, in re the purchase of the Bangalore Directory out of the Office Contingencies, and requesting to be informed whether such orders have been issued by Government.

No. 6012-9—CIR. 111, DATED BANGALORE, 20TH AUGUST 1891.

ORDER THEREON.—The Directory is a Book of Reference and its purchase is governed by rules applicable to Books of Reference generally. Ordinarily, a work of reference of this kind has not been much used and will not be required by others, than Heads of Departments, and probably, Deputy Commissioners of Districts.

Report on the working of the Indian Companies' Act in Mysore for the year 1890-91.

No. 6429—670, DATED BANGALORE, 31ST AUGUST 1891.

ORDER THEREON.—There were 145 Companies or Associations at work at the beginning of the year under review; 35 of these came under liquidation either voluntarily or under the orders of Court, and 7 have ceased to work. Eight new Companies were registered, and the Head Office of the Bangalore Woollen, Cotton and Silk Mills Co., which was heretofore within the limits of the Civil and Military Station, was removed to the Town of Bangalore. The number of Companies in existence at the close of the year was thus 112 and had an aggregate nominal capital of Rs. 51,02,382.

2. In addition to the above, there were 18 Companies not working but not formally wound up, and 95 in course of liquidation.

3. Only 287 documents were registered against 434 in the previous year. The decrease is attributable to the closing of many of the Companies in the Kolar District and to the very small number of new Companies formed in 1890-91. It is also explained that no less than 43 Companies failed to furnish any returns during the year under review.

4. In only 2 cases were penalties for delay in the submission of list of shareholders imposed under Section 25 of the Act.

5. The receipts from fees, &c., amounted to Rs. 1,006—14—0 and included a sum of Rs. 105 on account of "Penalties" as against Rs. 3,501—2—0 in 1889-90.

Chief Secretary.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

AUGUST 1891.

1	5585-6—75.	4th	The Deputy Commissioners of the Bangalore and Tumkur Districts.	Petition No. 553 of 22nd June 1889. „ No. 1381 of 21st September 1889. „ No. 1537 of 21st October 1889. *Appellant.* *Vs.* *Respondents.* Puttegauda of Kamakshihalli, Doddballapur Taluk, Bangalore District. — Raiyats holding lands under the Saggere tank in the Koratagere Taluk, Tumkur District. This is an appeal against the order of the Deputy Commissioner, Tumkur District, dated 9th September 1889, ordering Petitioner's tank to be breached. 2. On a complaint in 1882 that Petitioner was constructing a new tank on his land to the injury of adjacent lands, an enquiry was held, and at last the Petitioner having agreed to carry out the work according to the instructions of the Public Works Department and to breach the tank if so directed, the Deputy Commissioner allowed him to complete the work. (*Vide* Deputy Commissioner's letter to the Executive Engineer, dated 24th January 1887). The tank appears to have been accordingly completed. 3. In 1888, on the complaint of the raiyats under the Saggere tank that their supply of water diminished in consequence of this tank, the Deputy Commissioner asked the Executive Engineer whether the tank ought to be breached, and the Executive Engineer replied, in January 1889, that the bund of the new tank being weak and the kodi small, it might breach and lead also to the breaching of the Saggere tank below it, and that therefore the new tank should not be allowed to stand. Upon this, the Deputy Commissioner ordered the tank to be breached. 4. The appeal is against this order.

				5. From the admission of the parties at the hearing, it appeared that the tank newly constructed had cut off one of the three feeders of the Saggere tank, and the Officiating Chief Engineer who had been requested to favor the Government with his opinion stated in his letter, dated 3rd April 1891, that the new tank, if it filled twice in the year, would impound about 30 units of water which would otherwise flow into the Saggere tank which yields a revenue of Rs. 257 and that it should therefore be breached. 6. The Petitioner expressed his willingness to strengthen the tank and improve it as directed, but remonstrated against its being breached as he constructed it in good faith at a large cost (between Rs. 1,000 and 2,000). 7. The Executive Engineer stated that the new tank would be of great use to the neighbouring villagers and that the Saggere tank would not suffer in its supply except in years of less than average rainfall, and the revenue under the tank is not after all so large as to justify the breaching of a tank already completed with the permission of the Deputy Commissioner though on the condition of breaching it if required. *Decision.*—Held that Petitioner having been allowed by the Deputy Commissioner to complete the work, it would be hard to order its breach at present, and therefore directed that the Petitioner be allowed to keep it, provided he strengthens the bund and enlarges the kodi as may be directed by the Public Works Department to guard against its breaching, within such a time as the Deputy Commissioner in consultation with the Public Works Department may fix. 9. The capacity of the tank in question is only 13 units and it has a large drainage area above it. In ordinary years therefore it will soon fill and discharge. The loss to Saggere tank (whose capacity is 68 units and which has a drainage area of 6½ square miles with only three small tanks in it) will thus be insignificant in ordinary years. In such years both tanks may be expected to fill twice, but in very exceptional years Saggere tank may possibly suffer somewhat, and if this is shown to be really the case, the Government will then consider the question whether the classification of lands under Saggere tank in respect of water value should be somewhat lowered under the circumstances.

2	5796--P. 78.	10th	The Deputy Commissioner of the Bangalore District.	Appeal No. 1357 of 5th September 1890. *Appellant.* *Vs.* *Respondent.* Jangi Bhava Rao of Closepet, Bangalore. — Balaji Rao (not present). Appellant's complaint was that Patta was granted to Respondent for a village site actually in his (Appellant's) possession, which he obtained from one Bapachar. *Decision.*—Held that no Pattas should be issued for the occupation of sites on which no Government revenue is collected. The Municipal tax should be collected from the person in actual possession whatever his title to it might be, and all questions of title must be left to be adjudicated in Civil Courts. The Deputy Commissioner was requested to collect the Municipal tax from the Petitioner, if he is in actual possession of the site.

Chika Narasimha. In 1883, Appellant's father was dismissed from service, his family was deprived of the hak for 20 years, and the appointment was given to the 1st and 2nd Respondents. The 3rd Respondent is Appellant's father, and the 4th Respondent brother. Petitioner brought a suit for the recovery of the office on the ground that he was a minor when his father was dismissed. The Deputy Commissioner dismissed the suit on the ground that the matter had already been disposed of. Petitioner appealed against this decision. *Decision.*—Government agreed with the Deputy Commissioner that the family of the Appellant having been deprived of the hak for 20 years, no suit can lie at present for the office. The appeal dismissed.

4	5738--80.	10th	The Deputy Commissioner of the Bangalore District.	The Deputy Commissioner of the Bangalore District solicited in his letter No. 173, dated 12th June 1889, orders of Government on the subject of the resignation, by the Jodidars of Doddachimanahalli village, of a portion of their Jodi lands, regarding which the rules contemplated in Government Order No. 8008-17—242, dated 4th March 1887, had not been passed, and the Survey Superintendent had declined to give his help. *Order thereon.*—Relinquishment of portions of inam villages may be accepted at the discretion of the Deputy Commissioner under Section 73 of the Land Revenue Code and when they are accepted, the quit-rent on the relinquished portion must be apportioned in the manner prescribed in para 11 of Rule 41 passed under the Land Revenue Code. 2. If no income is now derived from the waste lands proposed to be relinquished, the Deputy Commissioner may recommend to Government the remission of so much of the quit-rent as has been charged in the Inam Settlement on account of those waste lands, that is, if the Inam Commissioner has taken 25 per cent of the assessment of waste lands into the assets upon which $\frac{1}{8}$th has been charged as quit-rent, the inamdars will be entitled to a remission of $\frac{1}{3}$rd part of the assessment of the waste lands relinquished.

Appeal No. 2061 of 10th October 1890. *Appellant.* v's. *Respondent.* Belligundu Hanumanta Rao of Kottur, Pavagada Taluk, Tumkur District. — Subbamma. Respondent's husband who was Shanbhog of the village Kottur died in April 1890 and Respondent was nominated to the post and a gumasta appointed on her behalf. Appellant who is the uncle's son of the Respondent's late husband, claimed the office, but his claim having been rejected by the Deputy Commissioner, he appealed. Appellant admitted that the deceased was a divided member of the family, but claimed the office merely on the ground that that is a *mirasi* hak which ought not to go out of the family which it would if Respondent's right was recog-

6	5801--P. 71.	10th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1474 of 15th September 1890. *Appellant.* Vs. *Respondents.* Kodi Honnegauda of Yelyur, Kunigal Taluk. — Appugaudana Honnegauda. In 1880-81, Respondent who was Patel of the village, took leave from the Amildar, when Appellant was appointed to act for him. In 1886, Respondent returned and claimed the office, and after a protracted enquiry and correspondence, the Deputy Commissioner allowed the Respondent in May 1889 to resume his duties. Appellant petitioned the Deputy Commissioner, and the Deputy Commissioner again after enquiry rejected his claim in June 1890. The appeal was against the last order. 2. Appellant did not deny that Respondent was the Patel before he entered upon the duties, but stated that he did not act for him, but performed duties in his own right as he himself was a Hissedar. *Decision*—Government considered that whatever be the claims of the Appellant to the office, they could not be said to be superior to those of the Respondent who was admittedly the Patel of the village till 1880, and who was not removed for any fault on his part. The Deputy Commissioner's order restoring the Respondent to the office could not therefore be altered. The Petition was dismissed. Petitioner, however, was informed that he might urge his claims, if any, when a vacancy occurs.
7	5082--P. 72.	Do	The Deputy Commissioner of the Tumkur District.	Appeal No. 983 of 30th July 1890. *Appellant.* Vs. *Respondent.* Venkategauda of Bellahalli, Gubbi Taluk, Tumkur District. — Tirumalegauda. On the border of Survey No. 50 belonging to Respondent, there are 3 Ippe trees in a Halla. The Deputy Commissioner decided that the trees

				should be regarded as the property of the Respondent. The Appellant who is the Patel of the village contended that they belonged to Government. Respondent admitted that the trees were the property of Government prior to the Survey, but contended that they were made over to him during the Survey. He relied upon the *Gida Patrike* or list of trees prepared by the Survey Department in 1881 in which the trees are entered against Survey No. 50. Respondent did not pay Government the value of the trees, nor are they situated within the boundaries of his number, and he cannot therefore be said to have a claim to the trees, simply because they are entered against his number in the *Gida Patrike* which might have been done by mistake. The trees must therefore be considered as the property of Government and made over to Respondent on payment of their value which will be fixed by the Deputy Commissioner. The order of the Deputy Commissioner was modified accordingly.
8	5804—P. 118.	10th	The Deputy Commissioner of the Mysore District.	Appeal No. 2084 of 1st December 1890. *Appellant.* *Vs.* *Respondent.* Lingamma of Ganigekoppal, Tirumakudlu-Narsipur Taluk, Mysore District. — Nilegauda and others. In 1859 Petitioner's father-in-law applied for land No. 27 and it was granted to him. In the darkhast the area of the number is given as 11 Kolagas and 1 Balla and the dimensions are stated to be 160 × 225 yards. The same area was entered in the Patta and in the accounts. On the complaint of the villagers (the Respondents) that there was no gomal land for the village, the Deputy Commissioner measured the land and finding that it contained 1 Khandi, 13 Kolagas and 2¼ Padis, he ordered in 1890 that the excess be resumed. The appeal was against this order. Respondents have no claim to the land, but simply complained that they had no gomal land for the village. *Decision.*—Government considered that under the circumstances of the case the excess need not be resumed and that it would be sufficient if the excess be charged with full assessment from the date of the darkhast, and the Deputy Commissioner was accordingly requested to determine the

				amount of assessment on the excess and levy it from the Appellant from the year in which No. 27 was put in the possession of her father-in-law. If the Appellant does not pay the assessment with arrears, the excess may be finally resumed.
9	5807--P. 27.	10th	The Superintendent of Revenue Survey.	Appeal No. 420 of 11th June 1890. *Appellant* .. S. Subba Rao of Bangalore. Petitioner complained against the charge made on the excess discovered in the inam granted to him for planting avenue trees. The Petition and the papers connected therewith were forwarded to the Superintendent of Revenue Survey for disposal under the rules recently sanctioned and published in the Mysore Gazette, dated 13th June 1891.
10	5808-9—P. 28.	Do	The Superintendent of Revenue Survey and the Deputy Commissioner, Shimoga District.	Appeal No. 2875 of 14th October 1889. *Appellant* .. Tippanna of Yekkanahalli, Honnali Taluk, Shimoga District. Petitioner complained that a certain nala passing through his lands was treated as kharab and requested that it might be assessed and incorporated in his holding. His object in requesting this was to protect himself from the annoyance of a charge of encroachment on the kharab land. The Superintendent of Revenue Survey to whom the petition had been referred for report stated in his letter, dated 12th November 1889, No. 488, that it was not desirable to assess the land as the Petitioner might interfere with the flow of water to the disadvantage of the holders of lands down below. The Deputy Commissioner however stated that the nala is now silted up and is of the same level as the neighbouring fields, that there are no lands which are irrigated under the nala below the Petitioner's lands, that the holders of lands above those of the Petitioner have no objection to the proposal of the Petitioner, and that there is no objection to the land occupied by the nala being assessed and included in Petitioner's Khata. (*vide* Deputy Commissioner's letter dated 28th October 1890, No. 463-434. His docket dated 11th March 1891, No. 782-734, and docket dated 30th June 1891, No. 210-191).

				Decision.—Under these circumstances, the Government had no objection to the land occupied by the nala between Petitioner's lands being assessed and included in his khata, and the Superintendent of Revenue Survey was accordingly requested to assess it.
11	6243—P. 124.	14th	The Deputy Commissioner of the Mysore District.	One Rangegauda, Patel of Kannegaudankoppal in the Mysore Taluk, complained of his having been fined in a sum of Rs. 3-12-6 by Mr. Meiklejohn during the Jamabandi of the Mysore Taluk for unauthorized cultivation of a portion of land Survey No. 28 in the Kukrahalli village assessed at Rs. 2. On referring the Petition to the Deputy Commissioner, that Officer reported in his letter No. 291, dated 3rd July 1891, that from the deposition given by the Petitioner before the Amildar, it appeared that he cultivated the land encroached upon under the impression that it belonged to the Dewan Bahadur whose lands he was cultivating, and that since it was shown to belong to Government, he would not cultivate it for the future. *Order thereon.*—As Petitioner appears to have cultivated the land under the mistaken impression that it was part of the holding he was cultivating, the fine may be remitted. The proper assessment of the land must of course be collected.
12	6008—P. 87.	15th	The Deputy Commissioner of the Bangalore District.	Appeal No. 1779 of 9th October 1890. *Appellant.* *Vs.* *Respondent.* Balakrishna Doss of Hoskote, Bangalore District. Subbanna. In 1851, Appellant's elder brother rented out his Matt Inam permanently to the father of the Respondent. The rent paid was 2¼ Fanams for a Kudo. In 1877-78, Appellant complained that Respondent and his Shikmidar Nanja did not pay the rent of the Inam of the Matt, but before the complaint was disposed of they entered into a Razinama to the effect that the Respondent and Nanja should pay Appellant Rs. 4½ a year and that the latter should give up the land to the Appellant on failure to pay the rent within a certain date every year.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				In 1888-89, Appellant complained that Nanja failed to pay the rent for 1888-89, and his half share in the land was ordered by the Amildar to be made over to Appellant. This order is dated 12th July 1889. But possession was not actually made over till 21st April 1890. Respondent then complained that the dispossession of Nanja's share was irregular, as he was ready to pay the rent. The Deputy Commissioner held that as Subbanna and Nanja were jointly responsible for the rent and that as Subbanna was ready to pay it, the land should not have been restored to the Appellant and accordingly cancelled the Amildar's order on 22nd July 1890. The present appeal is against this order. *Decision.*—There is nothing to show that Respondent offered to pay the rent within the date fixed in the Razinama. If Respondent thought he was jointly responsible for the rent, he should have arranged for the payment of the rent by the Shikmidar or by himself within the time stipulated; but as he did not do so evidently under the impression that the Shikmidar alone was responsible for it, he has no right whatever to claim the land. The Deputy Commissioner's order was therefore cancelled, and the Amildar's order confirmed.
13	6082—P. 101.	15th	The Deputy Commissioner of the Kolar District.	Appeal No. 1149 of 16th July 1890. *Appellant* .. Sanjiva Rao of Boginakere, Malur Taluk. Petitioner complained that one-half instead of one-fourth assessment was charged on his Kodigi Inam. The Inam Register shows that ¼ assessment was charged in 1878, as the tank for the maintenance of which the Inam was granted, was not in good order, and required a repair costing Rs. 180. The Petitioner did not appear, though notice was given to him, and show cause why the quit-rent should be reduced. Petition therefore rejected.

14	6244--P. 67.	15th	The Deputy Commissioner of the Hassan District.	Appeal No. 710 of 4th July 1890. *Appellant* .. Subbanna, Shanbhog of Dam ningala Firka in the Talu of Channarayapatna, Hassa District. In 1885, Petitioner gave a false certifica that a certain land applied for by one Karegaud was unoccupied waste, while in fact it was und the occupation of one Thopagauda. For this o fence, which was brought to light subsequenti the Petitioner was suspended from office for years from 24th April 1890. Appellant stat that the certificate was an error into which l was led by discrepant entries in the accounts, a requested that the punishment might be remitte *Decision.*—There is no doubt that the Pe tioner did give a false certificate, but there nothing to show that he did so with any fraud lent intention or for a pecuniary considerati At the same time it is impossible to believe th Petitioner was ignorant of the position of the la as it had been sold to Thopagauda by Petition himself. Under all these circumstances of t case, the Government considered that suspensi from office for two years would be sufficient, a accordingly requested the Deputy Commission to restore Petitioner to office after the expirati of two years from the date of suspension.

The Deputy Commissioner stated that the villages are at a distance of 7 miles from each other and that one man cannot perform the duties of both. *Decision.*—Under these circumstances, Appellant cannot be allowed to have charge of both the villages. As regards his request that he might be allowed to nominate his own gumasta, the Government observed that Respondent who is a hakdar entered into an agreement with Appellant's father to pay him half the Potigi allowance and has been paying it accordingly. There is therefore no valid reason for disturbing the existing arrangement. Appeal rejected.
16	6421--P. 89.	15th	The Deputy Commissioner of the Bangalore District.	Appeal No. 1950 of 6th December 1889. *Appellant.* .. Mrutinjaiya Rao, Patel of Dommasandra, Anekal Taluk. In 1889, it was discovered that Petitioner, who was the Patel of the village, unauthorizedly cultivated for 10 years Sarkar No. 223 bearing an assessment of Rs. 4-5-10 and he was fined Rs. 50 for the same, and deprived of the possession of the land which was ordered to be disposed of under the darkhast rules. The appeal is against this order. Petitioner stated that he cultivated the land under the impression that it was his Pateli Inam, but it was proved that it was not his inam. The assessment of the Pateli Inam according to accounts is Rs. 37-3-0, but some of the numbers of the inam are not identifiable, and others are waste. *Decision.*—Seeing that the value of the Pateli Inam, which was not cultivated, was much more than that of the land unauthorizedly cultivated by Petitioner, the Government were pleased to remit the fine, but the land taken up without authority cannot be treated as inam and the Petitioner allowed to hold it. Endeavour should be made to identify the Pateli Inam proper and put it in possession of Petitioner. If the original inam cannot be fully traced, the Deputy Commissioner may recommend a fresh assignment in lieu of numbers not identifiable.

17	6302--P. 79.	20th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1022 of 3rd August 1890. *Appellant.* *Vs.* *Respondent.* Bettappa of Handankere, Chiknayakanhalli Taluk. Subbamma. Respondent's husband Lakshminarasaiya, who was Shanbhog of 22 villages, which in the Survey were constituted into 5 Firkas, died in 1879. In 1884, Respondent then aged 15 years stated before the Amildar that Appellant who was her husband's brother's son was adopted by her, and that the office should be registered in his name and that his brother Narasimhaiya should be appointed to do duties till Appellant attained his majority. This arrangement was sanctioned by the Deputy Commissioner in his order, dated 21st March 1884, with this difference that instead of Appellant's brother being appointed gumasta for all the Firkas one Doddaiya was appointed as gumasta for 2 Firkas. In 1887, Respondent complained in a miscellaneous petition that Appellant's brother was trying to usurp her right, that Appellant was never actually adopted by her, and that she formerly admitted the adoption through the instigation of the Appellant's brother as she was then young. On this, the Amildar recommended in 1888 that all the Firkas might be registered in the name of the Respondent and that Respondent's brother Gangaiya appointed as Respondent's gumasta for 1 Firka, Appellant's brother for 1 Firka, Appellant for 1 Firka and Doddaiya above mentioned for the other two Firkas, and the Deputy Commissioner ordered the arrangement to be carried out temporarily pending further orders. The Deputy Commissioner finally settled on 22nd July 1890 that the above arrangements should stand for 6 months during which Appellant should establish his adoption. The present appeal is against this order. Appellant referred to a petition presented by the late husband of the Respondent in 1874, before Respondent was married to him, in which he stated that Appellant was his son, and argued that as the adoption was admitted both by the Respondent in 1884, and virtually by her late husband in 1874, it cannot be now questioned. The Respondent's vakil did not admit the genuineness of the Petition of 1874, and submitted that it is very unlikely that he would have adopted a son while was going to

				marry so soon afterwards. As regards Respondent's own admission, he attributed it to her youth and ignorance. *Decision.*—The decision in this case depends upon the truth or otherwise of the alleged adoption of the Appellant, but this cannot be determined in the disposal of a Miscellaneous Petition. Respondent is the *prima facie* heir to the deceased and the Deputy Commissioner's order that the registry should stand in her name till the question of adoption is settled is correct. It is true that Respondent once admitted the adoption, but she was then a minor, and withdrew her consent immediately after she attained her majority. Appellant may, if he thinks proper to do so, establish his adoption as against Respondent who denies his status or legal character as such, in a Civil Court of competent jurisdiction. Till he does so, the Government will not take his claim to the Shanbhog office in dispute into consideration.
18	6303--P. 80.	20th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1382 of 5th September 1890. *Appellant.* *Vs.* *Respondent.* Linganna of Goni Jumkur, Turuvekere Sub-Taluk. Kempa. Appellant was appointed Patel in the place of his father in July 1882, but shortly afterwards he went away to Nilgiris without leave, and the Deputy Amildar appointed Respondent in his place temporarily, and the Deputy Commissioner ordered, in April 1883, that the arrangement might stand pending the return of the Appellant. In May 1888 Appellant returned and claimed the office, but the Deputy Commissioner refused to restore him to office as he went away without leave and absented himself for 4 or 5 years. The appeal is against this order. The Appellant's contention was that he took leave from the Amildar, but there is no evidence on record that the leave was applied for or granted. There is, however, an application made by the Appellant to the Amildar in September 1882 in which he requested that one Siddanna might be appointed in his place till he (Appellant) gained experience, but the villagers having opposed the appointment of Siddanna, he (Appellant) requested

				that Respondent might be adopted. The Appellant's Advocate argued that his object in asking the appointment to be given to Respondent was that he might absent himself, but this object is not mentioned in the application. On the contrary, the Appellant stated that he sought for the appointment of another because he had not sufficient experience to do the work. The truth seems to be that Appellant sought for the appointment of Respondent in order that he might go to Nilgiris though he did not mention the fact, but went away without waiting for orders. *Decision.*—Under these circumstances, the Government did not consider it necessary to interfere with the order of the Deputy Commissioner, but the Appellant or his heirs may succeed to the office after the death of the Respondent, if found qualified.
19	6304--P. 31.	20th	The Superintendent of Inam Settlements.	The Superintendent of Inam Settlements solicited orders of Government in his letter No. 16, dated 24th June 1891, on the subject of the prayer of one Surpur Raghavendrachari, Kayamguttadar of Gururayana Hosur village in Avati Hobli of the late Chikballapur (now Devanhalli) Taluk, to register and confirm as Inam certain wet lands known as Pattagadde Inam land attached to his Kayamgutta village and enjoyed as such since the time of the grant, but which was fully assessed by the Survey Department on the ground that it was not confirmed as Pattagadde Inam by the Inam Department and was latterly put up to auction on account of revenue arrears, but there having been no bid for it, it lay waste for some time, after which it was let out to another man for kandayam as per Darkhast. *Order thereon.*—There is nothing to show when the Pattagadde Inam referred to in the letter read above was granted. The earliest account in which it appears is that of 1847-48. In the absence of evidence that the Pattagadde was granted along with the Kayamgutta village, and its value was included in the gutta, the Inamdar is not entitled to any compensation; but the Pattagadde Inam itself may be treated as invalid Inam and confirmed on half assessment under Clause E, Section VI of the Inam Rules. The Superintendent of Inam Settlement will dispose of it accordingly.

20	6305--P. 68.	20th	The Deputy Commissioner of the Hassan District.	In reply to the enquiry made in Government Proceedings No. 11939—299 of 1st January 1891 whether the coffee estate of Santamallaiya is near the ground applied for by him, *viz.*, part of Survey No. 68 of Hebbasale village, Manjarabad Taluk, or at a distance and why the particular piece is applied for when there are nearly 908 acres of gomal land and 556 acres of assessed waste available, the Deputy Commissioner of Hassan reported in his letter No. 210, dated 25th June 1891, that the land applied for is only a furlong from the applicant's coffee estate, that he applies for the grant of the particular piece as there is no such other waste land adjoining his estate, as is fit to be used for drying coffee on. *Order thereon.*—Under the circumstances stated, the Government have no objection to the land being granted to the applicant.
21	6334--P. 18.	20th	The Deputy Commissioner of the Shimoga District.	Appeal No. 2860 of 2nd March 1891. *Appellant.* *Vs.* *Respondents.* Nagappa of Harsavalli, Sagar Taluk, Shimoga District. — 1. Channa Basavaiya. 2. Kollaiya *alias* Aiyappa. Appellant's father was Patel of Keppage. He died in about 1869. The Pateli office is stated to have been acquired by the late father of the Appellant and not an ancestral hak. After the death of Appellant's father, the 1st Respondent, who was his brother's son, performed the duties, and he was formally appointed to the post in April 1880, as the 2nd Respondent, the step-brother of the Appellant, expressed his inability to perform the duties of the office and requested that the 1st Respondent might be appointed. The Appellant was then a minor. There is nothing to show what his age was when his father died, but, according to the statement of the Appellant, he was 14 years old in 1881. The suit was instituted on 26th November 1888. The Amildar who tried the case found that the hak was the self-acquired property of the father of the Appellant, and, assuming that the cause of action arose in 1881 when the 1st Respondent was appointed, thought that the suit was not barred by the Law of Limitation, and recommended the appointment to be given to the Appellant, as the 1st Respondent cannot be said to have any right to the office which was the self-acquired property of

				Appellant's father ; but the Deputy Commissioner dismissed the suit on the ground that though the Appellant was a minor when the 2nd Respondent resigned his hak in favor of the 1st Respondent, he was of sufficient maturity of understanding to have claimed the office to himself, which he did not do, and that 1st Respondent was appointed with reference to his personal qualifications. The Appellant's contention was, that he was a minor when the 1st Respondent was appointed, and that the action of the 2nd Respondent cannot bind him. The 1st Respondent argued at length that the case was barred by the Law of Limitation, and that the hak was family property, but no evidence was produced in support of either of the contentions. It was admitted on both sides that the family was undivided till 1883-84 and the 1st Respondent can be said to have adverse possession only from that date, but even supposing that the cause of action arose in 1869, since the office was the self-acquired property of the Appellant's father, the suit was brought within 3 years after the Appellant attained his majority which he did in 1886. The argument of the Deputy Commissioner that the Appellant having attained his age of discretion, though he was under 18 years when the appointment was given to the 1st Respondent, he cannot now claim the office, is altogether erroneous. The Law makes no difference between a minor who has attained age of discretion and who has not. *Decision.*—The Deputy Commissioner's decision was therefore reversed and the Appellant declared entitled to the office. It is not absolutely necessary that a Patel should be able to read and write, if he is otherwise qualified to the office. The Deputy Commissioner was therefore requested to put him in office and try him, and if he fails to discharge his duties properly, he may appoint a substitute.
